FILE HEADING.

Prayer of the devotees of Sri Ranganatha swami temple at Tirumale in the Magadi Taluk for the construction of a new Car for the said temple.

From

Krishna Sastri and other devotees of the temple (at Magadi and other villages)

No. Pet^n Dated 16-12-1911 Received

Diary No. 939	Enclos.	Spare Copies.	Serial No.

BRIEF ABSTRACT OF LETTER.

Stating that the Car of the Sri Ranganathaswamy temple at Tirumale has become unfit for use being thoroughly damaged and requesting that a new Car may be got prepared for the temple.

NOTES AND ORDERS

The petitioners state that the Car is in a very bad condition and that it is not profitable to repair the same. They also allege that the Car festival may not take place at all next year if a new Car

File No. 352 of 1911

Serial No.

Submits the plan and estimate for Rs 8816 together with a detailed report received from the Executive Engr, Bangalore Division, for the construction of a new car to the Sri Ranganathaswami Temple at Tirumale in the Nagadi Taluk.

The original estimate prepared by the Amildar was for Rs 3473; and the D P.W in checking and ~~revising~~ revising it, have sent a fresh estimate for a much larger sum ie Rs 8816.

As repairs to the existing car is out of question, as will be seen from the Dy: Comrs correspondence and the Dy: Comrs letter, it appears to be a matter of doubtful necessity, as advised by the Dy: Comr, to get a new car prepared at such a heavy cost, especially when the amount at the credit of the temple is stated to be only Rs 10,000/-

The Dy: Comr suggests that a handy car at a cost of 2000 to 3000 Rs may be got prepared and submits it for the consideration and orders of Govt.

The Dharmadarsis have given their assent to the original plan & estimate.

As the question of the construction of a new car ~~was~~ originated with the temple

Devotees (Sl. no. 1), it is a point for consideration whether it may not be necessary to ascertain if the Dy: Comr's suggestion ~~xxxxx~~ is agreeable to the Dharmadarsis as also the public in general.

Subd for orders as to whether the Dy: Comr may be requested to make a further report on the point and to submit a plan and estimate if his ~~xxx~~ suggestion is agreeable to the Dharmadarsis and devotees.

SD The car is used but once in a year and the Dy Comr is of opinion that the construction of a new one costing 8816 Rs out of the funds of the temple which amount to Rs 10,000 is not desirable and that a more handy car at a cost of 2 or 3 thousand Rupees would be quite [illegible]. The Dy Comr may be replied that Govt concur with his views and that a suitable Plan & Estimate as proposed may be subd early for the sanction of Govt.

To

K R Srinivasangar Esqr M A.
Secretary to the Govt of Mysore
Genl & Rev Departments
Muzrai Branch.

Sir

With reference to your official Memo No. 1532 / Muz 352-11 2 of the 9th January 1912 — U/2 forwarding for report the petition of Krishna Sastri and other devotees of the Sri Ranganathaswami Temple at Sirumale in the Magadi Taluk praying for the construction of a new car for the use of the said Temple, I have the honor to state that the Amildar of Magadi Taluk reported that the present car has become unfit for use and sent up an estimate for the construction of a new car for Rs. 3473/- —

The estimate being for a large sum, I requested the Executive Engineer Bangalore Division to check the estimate and also to give his opinion as to whether the present Car could not be used with some repairs. In reply he forwards the report of the Public Works Department Sub-Division Officer (Copy herein enclosed) and states that necessary plans and estimates will be prepared in the current month when the covering of the car will be removed for the Celebration of the Annual Car festival. As soon as the same is received in this office the same will be submitted to Government.

I have the honour to be
Sir,
Your obedient servant,

K Chandy

for the Commissioner,
Land Customs Department.
DL 4-3-14

No. 722 of the 20/25th October'13 from No. 1
Sub Divisional Officer, to the Exe: Engineer
Bangalore Division, Bangalore.

Executive Engineer's memo No. 398 of 14-10-13
re the return of the original reference in
Connection with the estimate for construc-
-ting a new car to Sri Rangaswami temple
at Jonnnale, Magadi Taluk.

I beg to return the above with Dy.
Comrs. No. 4019/12-13 and Connected Vernac-
-ular file. I enquired the Amildar today
rendering help to Sub-Overseer for taking
measurements by removing the covering
of the car. He informed me that during
the next Car festival which will come
off in March, the whole car will be
exposed when it will be convenient
to take measurements and draw plan.

I beg therefore to state that a
plan of the car similar in dimensations
to the present one with an estimate
there of will be submitted after it is
exposed by the Revenue Department.

The present wheels of the car are of
Ippewood and the axles are of Bilwara
and Bagi-wood. It is proposed

the wheels are being
5 years and ~~a~~ axles at every 10 years.
The wheels are 6½' diameter and 10" thick
and there are six wheels. The axles are 11" × 14"
The frame work of the car has 7 galleries
and during the festival 7 more will be
added aggregating a height of 45'. The
length of the axles is 14'-4" from outside
of wheels and the weight over it will be
about 40 tons. I am given the local men
interested with the Temple and Car, they
are of opinion that iron axles and
iron wheels to bear the above weight
will be a great boon as they will be
permanent and substantial requiring
no recurring charges towards repairs.
I beg that the Executive Engineer will
in the meanwhile kindly ascertain
the quotation from some of the local
firms for preparing the axles and wheels
of iron. After knowing the cost of wheel
and axles the estimate of wood work
required to the Car will be got up and
submitted after drawing the plan.
